PRODUCT CATALOG

WarriorBoatsInc.com

"YOU'RE NOT JUST BUYING
A BOAT. YOU'RE JOINING
THE WARRIOR FAMILY."

FIVE REASONS TO CHOOSE WARRIOR

1 THE BEST WARRANTY IN THE BUSINESS

As anglers with decades of fishing and watercraft experience, we understand that your boat isn't just equipment. It's a vital part of your lifestyle. That's why we stand behind every Warrior we build with a Lifetime Hull Warranty, backed by a Three-Year Bow-to-Stern Warranty, giving you complete confidence and peace of mind on the water. When you choose Warrior, you're choosing long-term confidence.

2 ENGINEERED FOR PERFORMANCE

Every Warrior Boat is designed for maximum function and top-tier on-water performance. Our Smart Trolling Keel™ distributes weight to minimize bow drift and enhance control. Each model features lightweight composite construction, spacious interior layouts, locking dry storage, aerated livewells, and adjustable contour seating, ensuring maximum comfort and elbow room whether you're trolling, casting, or competing. This is performance engineered with purpose.

3 BUILT TO LAST - SUPERIOR WORKMANSHIP

Every Warrior Boat is crafted using premium materials and advanced construction processes designed to last. From our deep-V reverse-flare hull design to our fully glass-molded stringer system, every structural detail is engineered to deliver unmatched strength. Multiple unidirectional layers of Knytex® fiberglass reinforce the hull for superior durability, while our 100% wood-free construction ensures long-term integrity, exceptional performance, and top-of-class resale value. Built right. Built strong. Built to last.

4 SECOND TO NONE - UNPARALLELED SPEED

Our exclusive Pro Tiller II Hydraulic Remote Steering System delivers exceptional responsiveness and precise control even at higher speeds. This technology allows Warrior Tiller Boats to confidently run significantly larger engines than comparable models while maintaining accurate steering and superior handling. Even in tournament conditions or rough-water situations, you'll experience a smooth, dry ride with performance that is truly second to none.

5 CUSTOM BUILT TRAILERS

EZ Loader Custom Boat Trailers builds each Warrior trailer to fit the exact hull shape of your model. Every trailer comes standard with:

Disc brakes on all axles
Durable Tuff Coat finish
Boat Buckle tie-downs

LED lighting
MTP Shield Lube Hubs
Swing tongue design

V238

DUAL CONSOLE

Setting the Bar in the Multi Species Deep-V Boat Market

The V238 will exceed everything you've come to expect from Warrior Boats. Years of engineering and refinement went into this model, and you'll notice the difference the moment you launch your V238.

Its deep-V design delivers a rough-water ride that is truly first in its class, with no close second. With an impressive 27" cockpit depth, you and your family will feel confident and secure no matter what Mother Nature throws your way. And with the fully bonded, elevated windshield, you'll stay dry, protected, and comfortable throughout the day.

The V238 isn't just built to perform, it's engineered to lead.

V21-21

DUAL CONSOLE

Big Water Beast

There's no question about it. The V21-21 is built to dominate extreme water conditions. Engineered specifically for harsh, big-water environments, it delivers exceptional control, stability, and comfort when the elements are at their worst.

With the capacity to handle up to 350XXL HP, and still performing impressively with a 250XXL, the V21-21 brings power, agility, and smooth handling to serious anglers. Whether you're chasing salmon on the Great Lakes or running long stretches of open reservoirs, this boat is designed to open up, cut through waves, and get you there efficiently.

If big water is your playground, the V21-21 is the boat that takes you farther, faster, and with confidence.

V2090

BACKTROLLER

The King of Tiller Boats

Originally built from the ground up for precision backtrolling, the V2090 Backtroller has now proven itself as a dominant platform in the fast-evolving Forward-Facing Sonar game. Anglers who have chased fish from the bow of a 2090 know there is simply nothing else on the water that delivers this level of control, balance, and maneuverability.

Add in exceptional space for multiple anglers, industry-leading dry storage, and an unrivaled rod storage system, and the V2090 stands far ahead of anything in its class. And when you power it with up to a 250 XL outboard, the performance becomes even more impressive.

Backed by the most reliable hydraulic tiller steering system ever introduced, the Pro Tiller II, the 2090 remains one of the strongest reasons to own a Warrior boat.

When precision matters, the V2090 delivers.

BOAT SPECS
